

C.S. Willson Double Horn Mod. Kruspe

The precise response and outstanding presence of the F horn are the impressive features of this instrument.

The Bb horn gives you a reliable response in the high register. Its perfect intonation is the result of our intensive research efforts in the field of tubing diameters and design. The characteristics are largely due to the use of ROTAX valve.

Specifications:

- Pitch: F / Bb
full double horn
- Bore: 11,80mm / 0.464"
- ROTAX - rotors
- Rotohead system
